

Vueling Visa and Vueling UP! Visa Cards

These cards are issued by CaixaBank Payments & Consumer in collaboration with Vueling Airlines S.A. "Vueling" and Avios Group Limited "AGL" and are exclusive to registered members of the Vueling Club programme.

Provided they are a member of the Vueling Club programme (and they must provide CaixaBank Payments & Consumer with their membership number to apply for the cards), the cards allow holders to enjoy the loyalty programme, promotions, incentives, services and benefits that Vueling offers, which can be found on our website.

Benefits

When the cards are issued, the benefits offered by Vueling to holders [who use the cards] (hereinafter, "Benefits"*) are the following, depending on the type of card:

Vueling Visa

- Vueling Club Smart tier and all its benefits
- Exclusive check-in desks (subject to availability at the airport)
- Exclusive Customer Service phone number

Vueling UP! Visa

- Plus tier of the Vueling Club programme and all its benefits
- Fast-track (at certain airports) – 2 uses per year

The benefits of Vueling Club tiers can be found at <https://www.vueling.com/en/vueling-club>.

Collection of Avios

Additionally, the use of these cards will earn Avios points ("Avios") from AVIOS GROUP LIMITED ("AGL") for purchases made on Vueling.com and for all other transactions made with the cards. These Avios are the currency of the IAG Group loyalty programmes, which can be redeemed for flights or services offered by Vueling and the other partners, and are subject to the redemption terms and conditions established by Vueling.

Cardholders will therefore earn the following Avios for:

A) Purchases on Vueling.com

For purchases made on Vueling.com, Vueling will award the number of Avios corresponding to the customer tiers within the Vueling Club programme and according to the tables published on the website <https://www.vueling.com/en/vueling-club> (they will appear in customer accounts once the flight has taken place).

Additionally, CaixaBank Payments & Consumer will award 1 additional Avios for every €1 spent on bookings paid with the card. Avios awarded by CaixaBank Payments & Consumer will appear in customer accounts after the monthly card statement is generated.

B) Collection of Avios for purchases in stores other than www.vueling.com

At all other stores, except for www.vueling.com, the holders of either card will be awarded 1 Avios for every €2 spent with the card. The Avios will appear in customer accounts after the monthly card statement is generated.

C) Welcome Campaign

Additionally, when the cards are issued, AGL is currently awarding holders a welcome bonus, depending on which card they use, consisting of the following amount of Avios, provided that they spend the minimum amount described below in "Criteria to collect Avios":

Offer	Avios	Criteria to collect Avios
Vueling UP! Visa	9,000 Avios*	Provided the holder spends a minimum of €600 with the card within the first three months of applying for it
Vueling Visa	4,500 Avios*	Provided the holder spends a minimum of €400 with the card within the first three months of applying for it

* The benefits and advantages, the specific amount of minimum credit to be spent and the Avios collected for redemption, described in this contract, may vary. If this happens, the applicable conditions and benefits will be updated and available on the Vueling website, in the section <https://www.vueling.com/en/vueling-visa>

Additional information on benefit conditions

- Flight benefits may be used after purchase as long as you sign in with your Vueling Club number in the booking and have made the purchase using the relevant card. Cardholders who make purchases without signing in with their Vueling Club number will not have access to these benefits.
- Avios are awarded to members of Vueling Club only if the name on the account matches the buyer's name and this person is on the booking and complies with the Vueling Club T&Cs.
- By collecting Avios, Vueling Club members accept the programme T&Cs, which are available at <https://www.vueling.com/en/vueling-club/vueling-club-programme-terms-and-conditions>

Information on collecting Avios

- The Avios collected for bookings made on vueling.com and awarded by vueling.com (Table A) will appear in customer accounts after the date of the flight. In any case, the number of Avios to collect will be determined at the time of booking. This means that if any services are added to the booking at a later date, these will not give customers the right to enjoy the benefits or collect Avios for the booking.
- The Avios collected for purchases at stores other than vueling.com, and additional Avios awarded by CaixaBank, will appear in customer accounts after the monthly card statement is generated.
